Economic Calendar and What to Watch

ECONOMIC CALENDAR

Date	Event	Impact	Actual	Forecast	Previous	Remark
T+1	CPI tomorrow	High	N/A	N/A	N/A	Monitor for market reaction.
T+2	Fed speakers	High	N/A	N/A	N/A	Monitor for market reaction.
T+3	Large-cap tech earnings	Medium	N/A	N/A	N/A	Monitor for market reaction.

WHAT TO WATCH

- CPI
- Fed speakers
- Large-cap tech earnings

ACTION PLAN

- Prioritize high-RS stocks in leading industry groups.
- Prefer breakouts with strong volume confirmation.
- Avoid chasing stocks far above short-term moving averages.

RISK TRIGGERS

- Sentiment is elevated, so avoid chasing extended moves.

REPORT METHODOLOGY

Market regime, health, risk, leadership, breadth, and sentiment are derived from existing deterministic app engines and provider snapshots captured when the report is generated.

DATA SOURCES

Source state: Mock. Mock, cached, stale, fallback, and live states remain labelled from the captured report snapshot.
